Overflow grating, OG-series

ACQUA SOURCE PRODUCTION

Overflow grating in modern design providing a nice looking finish for the pool's edge and a perfect overflow system. Individual grates of 180 mm, 200 mm, 240 mm or 300 mm width, clip together and form complete lines ready for use in the swimming pool channel. The grating is available with single connection, providing flexibility and making it ideal for free-shaped, curvy swimming pools and spas. It is also available with three connections for a rigid formed line suitable for straight-shaped swimming pools.
